**GRIZZLY CUB 300T Paving Fabric Installation Machine Price List Effective February 1, 2019**

**Delivery in May 2019 and after as quoted. We are booked on machines until then from standing previous orders.**

The California CARR FIRE in Redding burnt my shop, tooling, equipment, office, all inventory down to the last nut and bolt and some Associates Homes to the ground on in late JULY, 2018. After 40 years we are restarting over. A BIG THANK YOU TO FEMA and THE SBA. With new and faster equipment speeding up production and with the change over to contracting out precision parts, laser cut parts, RSRH Discs and Shafts coupled with our new faster hi-tech machinery ( IN THEORY, LOL! ) it should take reduced time and improve on our already superior quality. It's taken over 6 months to locate new space. Everything zoned burned. We're setting up the shop and installing the new machinery. We have made new fixtures and rebuilt a few. The New Current Price is Only 33% Higher then in 2005 after 14 years. When a Cub 300T is comparably equipped with A Grizzly with all available options added to the Cub there is a only a \$1200 to \$1580 difference between the Cub 300T and the more versatile Grizzly 600T.

| DESCRIPTION   | TERMS: 50% Wired Deposit & Full Payment Prior to Shipping | PRICE              |
|---|---|--------------------|
| <b>GRIZZLY CUB 300T STANDARD MECHANICAL PRIMED NOT PAINTED 6 - 16 FOOT TELESCOPING MACHINE INCLUDES:</b>  |   | <b>\$11,995.00</b> |
| 1 each - Patented Single Bar Main Frame and reducer with one set of telescoping arms to 16 Foot.  |   |                    |
