GRIZZLY 600T® 1'- 19' GEOSYNTHETIC INSTALLATION MACHINE

PRICE LIST PAGE 1 EFFECTIVE JANUARY 1, 2023 © MOUNQUE BARAZONE 1980-2024 ALL RIGHTS RESERVED

DESCRIPTION	TERMS: 50% Wired Deposit & Full Payment Prior to Shipping	PRICE
<p>GRIZZLY 600T® - 6 FOOT TO 19.5 FOOT CENTERED AND 1 FOOT TO 10 FOOT OFF CENTERED ROLLS. MECHANICAL AND OPTIONAL HYDRAULIC TELESCOPING, PATENTED DUAL BAR MAINFRAME, UNIVERSAL TRACTOR AND CLAMPON BUCKET MOUNT WITH ALL 6 PATENTED AND NUMEROUS NEW PATENT PENDING FEATURES. SALES TAXES AND DUTIES ARE THE CUSTOMERS RESPONSIBILITY.</p> <p>1 each - Patented Double Bar Main Frame, Lifting Safety Chain Eye. 4 Slots with 4 Roller Bearings on Main Frame and Telescoping Arm Ends with Internal Teflon Glide Spacers.</p> <p>2 each - Patented Inner Mechanical Telescoping Arms to 12 foot with markings for 8.5, 10.5 and 12 feet</p> <p>2 each - Outer mechanical telescoping arms with Patented Crabclaw Swing Arms attached to 19.5 feet, with markings for 12.5, 14.5, 15.5 18 feet and 19 feet (stop)</p> <p>1 each - Hydraulic Telescoping Cylinders Modification with Holes for Pins at Main Fame Ends & 2 Crabclaw Arms Ends and Second Telescoping Arm Tube at 6 inch intervals. Cylinder's not included.</p> <p>4 each - Patented 25 inch to 50 inch Wide Tractor and Bucket Mount Combination, 12 Inch Long 3/4 Inch T-Pins with 3/4 Inch ID & 1 Inch OD 10 Inch Bushings.</p> <p>2 each - Patented Crabclaw Swing Arms, 2 Mechanical or 1 Mechanical and 1 Hydraulic Swing Arm (Excludes Cylinder).</p> <p>1 each - Patented Third Short Roll Middle Arm, Sliding and Folding for Centered Rolls Less than 6 feet or Off Centered Rolls from 1 foot - 10 feet.</p> <p>2 each - Patented Tensioning Rotating Spindle Roll Holders (RSRH)</p> <p>2 Each - Patented 2 step Solid Steel Cones for Cardboard Cores from 2.25 Inch to 5.25 inches.</p> <p>1 each - Patented Multi Position Chevron Angled or Straight Brush System Telescoping to 13 feet with lock down ends for 2 Standard Included and 2 Optional 18 inch or 24 Inch Brush Extensions.</p> <p>1 each - Brush Bar Center Articulating Mount and Extension Post with 3 holes and 2 tabs and Red Coated D Handle Ring Pin</p> <p>1 each - Brush Bar Center Mount Slider with 2 Tabs and Pin Hole and Red Coated D Handle Ring Pin For 3 Chevron Angles and Straight Brushes Adjustment For Various Elongation Material from High Elongation to No Elongation.</p> <p>1 each - Brush Bar Center Mount Articulating Rocker Arm, 2 Brush Bar Attachments and Red Coated D Handle Ring Pin .</p> <p>2 each - 16 inch Brush Extensions with lockdown ends for fabric to 15.5 feet.</p> <p>10 each - Patent Pending Brushes. High Melt 525 degrees with 50% Extra Fill Fibers with Offset Rows to Prevent Pinching, 1 inch thick Hardwood block, Inset Threaded Female Sleeve with Bolt & Nut. 6 each 16 Inch and 4 each 24 Inch Brushes</p> <p>12.5 Foot Roll Uses 4 Each 16 Inch & 4 Each 24 Inch Brushes. 2 Extensions to 15.5 Feet Use 1 each 16 Inch Brush.</p> <p>1 each - Patented Pending Brush Extension Bracket That Holds up to 4 Brush Extensions.</p> <p>It is always best that all parts are always kept with the machine.</p> <p>2 each - Brush Jacks 1000 LB Outer Adjustment with Brush Bar Attachment End and 1 each 6 inch Off Set End.</p> <p>1 each - Patented Dual Bar Tension System, 3 Each Z-Bars, 6 Each Double Sliders with 1/4 round for tensions bars for Attaching PVC Tension Bars. 3 Front Sliders with Patent Pending Radius for Pinning the Tension Sliders In Place, 3 Back Sliders Without Patent Pending Radius.</p> <p>1 each - Patented PVC Tension System Bars 7.5 foot Non-telescoped for Legal Highway Transportation Under 8 Feet, No Disassembly Required for Transportation. Includes 2 Center 7.5 Foot 2 inch PVC Bars with Inset Female Threaded Couplers, 4 Outer 42 inch 2.5 Inch PVC Sliding Telescoping Bars to 13 Feet 6 PVC Clamps, 4 Male 2 inch PVC Threaded End Extensions for Telescoping to 18 Feet and 2 each Extension Holder Spring Brackets for Holding Extensions. 6 each - T - Handle Nuts for Tension Bar and Roller System Sliders. Protects Workers From Injury and Speeds Adjustments.</p>		<p align="center">\$18,995.00</p>

IN 2023 MY MANUFACTURING HAS MOVED FROM CALIFORNIA TO OHIO. The July, 2018 California CARR WILDFIRE in Redding killed many people and destroyed thousands of structures including my 40 year old shop right down to the last nut & bolt. It took 10 months to restart and make all new fixtures and tooling. Some equipment we could not replace and we switched to outsourcing precision laser cut tubing and flat parts and to a Nasa and Military Certified Precession Machine Shop for Rotating Spindle Roll Holder (RSRH) Discs, Shafts and other parts. This has improved our already exceptional quality.

The Virus Made in China shut us down for 8 months with California's Regulatory Crazyness. Then a supply chain shortage on parts, bearings and steel delayed our startup until July. Unfortunately my 40 year associates and shop co-owners Carl and Sue passed away 6 weeks apart in September and November. Thus the decision to move to a large Nasa and Military Certified Manufacturing Company.

The Grizzly 600T® includes all of my US and Foreign Patents and New Patent Pending Features in 1 Multi-Versatile Geosynthetic Installation Machine .Patented Double Bar Main Frame, Patent Pending Universal Tractor and Bucket Mounts Combination, Double Telescoping Arms on Bearings, Laser Cut Holes for Adapting to Hydraulic Telescoping Cylinders. Telescoping Tubing Marked for Various Roll Sizes for Quick Adjustments Based On 4 Inch ID Cardboard Roll Cores, Two Patented Crabclaw Swing Arms, Patented Short Roll Middle Arm, Two Brush Extensions, 4 Brush Extension Holder, Two Patented Rotating Spindle Roll Holders (RSRH) with Patent Pending 2 Step Solid Steel Cones for 2.25 Inch to 5.25 Inch Roll Cores, Patented 3 Angle Chevron and Straight Brush System, Patent Pending 535 Degree High Melt Brushes with Offset Fiber Rows, Patented Telescoping Multi-Bar Tensioning System, Patented Sliders with Radius, T-Handle Nuts, Patented Telescoping Multi-Bar PVC Tension Sytertem and PVC extensions. Optional Multi-Bar PVC Roller System for Grids and Hybrid Mats with Low or No Elongation Geosynthetics.

Many new improvements the last 3 years include: RSRH heavier duty cast iron lubricatable bearings, RSRH machined and surfaced internal disc, Patent Pending RSRH Cone and Shaft with eight longer two-step blades for different size cardboard cores from 2.25 to 5.25 inches. Patent Pending Center Four Position Brush Mount with three Chevron Angles & Straight Patented Heavier duty telescoping Brush Bars, Patented Multi-Bar Tension and Patent Pending Roller System Front Patented Sliders with Patent Pending Multi Position Radius for pinning the in sliders and bars in place at many angles and straight.

Only a few options are not standard equipment and can be purchased with the Grizzly 600T or at a later time . A second set of brush extensions for up to 18 or 19.5 feet wide, Patent Pending Oil Truck Mounting System, Hydraulic Telescoping Cylinders, Hydraulic Crabclaw Swing Arm Cylinder, Patent Pending Roller System for Grids, Gridfabric Composites and Hybrid Mats.

GRIZZLY 600T® 1'- 19' GEOSYNTHETIC INSTALLATION MACHINE

PRICE LIST PAGE 2, EFFECTIVE JANUARY 1, 2024 - © MOUNQUE BARAZONE 1980 - 2024 - ALL RIGHTS RESERVED

DESCRIPTION	OPTIONAL EQUIPMENT Parts Handling Per Shipment \$20 to \$50 Depending on Size & Packing	PRICE
BRUSH EXTENSIONS:		
1 each - Brush Extension 16 inch with lockdown end for fabric 15.5 feet and 2 for fabric to 18 foot width (2 or 4 required)		235.00
1 each - Brush Extension 24 inch with lockdown end for fabric to 19.5 foot 2 Required. Excludes 24 inch Brush.		265.00
PATENTED PENDING OIL TRUCK MOUNTING SYSTEM: BY CUSTOM ORDER.		
The Complete system with Patent Pending Rectangular Frame, pivots, additional parts, truck frame attachment parts, 2 hydraulic lifting cylinders Excludes truck hydraulic parts and valves. Excludes mounting to truck or modifications.		???? To be determined
HYDRAULIC CYLINDERS FOR TELESCOPING AND PATENTED CRABCLAW SWING ARM:		
Includes cylinders only. Other hydraulic parts, hoses, valves, couplers, pumps and assembly are purchasers responsibility.		
1 each - Custom Hydraulic Internal Telescoping Cylinders 1.5"D , 68"L, 3/4" shaft & Pins. ????		?????
1 each - Patented Hydraulic Crabclaw Swing Arm 2" X 4" Hydraulic Cylinder,		265.00
PATENT PENDING BRUSHES: HIGH MELT 525 DEGREE 50% EXTRA FILL BRISTLES WITH OFF SET ROWS.		
1 INCH THICK HARDWOOD BLOCK, INSET THREADED FEMALE SLEEVE WITH BOLT & NUT. SENT IN BOX OF 10.		
1 each - Patent Pending 16 inch Brush, 6 per case, (6 included with machine)		39.75
1 each - Patent Pending 24 inch Brush, 4 per case, (4 included with machine)		49.75
PATENT PENDING MULTI-BAR NON-TELESCOPING ROLLER SYSTEM FOR GRIDS, GRIDFABRIC COMPOSITES AND HYBRID MATS:CONVERSION FROM PATENTED MULTI-BAR TENSION SYSTEM		
1 each - Dual Bar PVC Roller System (non telescoping) with 6 patented sliders, 3 front sliders with Patent Pending Radius for pinning in front bars in place & 8 neoprene bearings. PVC PIPE EXCLUDED.		895.00
1 each - Example of 1 foot of PVC roller pipe that needs to be made for the correct width to be installed.		20.00
1 each - Labor to cut, drill & set screw a set of 4 roller pipes 2.5 inch PVC over 2 inch PVC pipe. PVC Pipe additional.		150.00
PVC FOR PATENTED MULTI-BAR TENSION AND PATENT PENDING MULTI-BAR ROLLER SYSTEMS		
1 foot - 2 inch PVC pipe, cost to be determined by sizes ordered.		3.85
1 foot - 2.5 inch PVC pipe 2 inch PVC pipe, cost to be determined by sizes ordered.		5.95
FULLY ENCLOSED SHIPPING CRATES (MACHINE IS FULLY ASSEMBLED)		
1 each - Fully Enclosed shipping crate for Grizzly 600T. Comes fully assembled and ready to use immediately		895.00
1 each - Fully Enclosed shipping crate for Oil Truck Mount System. Comes fully assembled and ready to install on truck.		850.00
1 each - Non Coniferous All Plywood Crate for overseas shipping when required, eliminates fumigating and USDA Inspection.		1,100.00
REPLACEMENT PARTS - Please Call for Current Pricing since these change faster than Machine Prices		
1 each - RSRH Complete Patented Rotating Spindle Roll Holder (RSRH) with 2 step 2.25 to 5.25 inch Cone and Shaft		1,750.00
1 each - RSRH Complete Internal Brake Pad Assembly Caliper Arms, Springs and Pad replacement Kit		165.00
1 each - Brake Shoe and Pad with Pin		45.00
1 each - T-Handle Replacement Adjustment Screw and Retainer Nut		15.00
1 each - RSRH Laser Cut Machined, Turned and Surfaced Internal Brake Disc with Hub and Keyway.		525.00
1 each - RSRH Cast Iron Re-Lubricatable Bearing DODGE alternative with Grease Fitting for 15/16 inch shaft DODGE \$95.00		55.00
1 each - RSRH Steel Cone, Machined Keywayed Shaft & Key, 8 each 2 Step Laser Cut Cone Blades for cores 2.25" to 5.25"		350.00
1 each - Brush Bar 40 inches with 1.5 inch milled tube slotted female receiver		475.00
1 each - Brush Bar 40 inches with 1.25 inch male tube insert for sliding in milled slot receiver		325.00
1 each - Brush Bar Replacement milled tube slotted female receiver 40 inch 1.5 inch		175.00
1 each - Brush Bar Replacement male tube insert for sliding in milled slot receiver 40 inch 1.25 inch		65.00
1 each - Brush Bar Center Mount and Extension Post with 3 holes and 2 tabs and Red Coated D Handle Ring Pin		100.00
1 each - Brush Bar Center Mount Slider with 2 Tabs and Pin Hole and Red Coated D Handle Ring Pin		250.00
1 each - Brush Bar Center Mount Articulating Rocker Arm, 2 Brush Bar Attachments and Red Coated D Handle Ring Pin		200.00
1 each - Brush Bar Outer Top Wind A Frame Adjustment 1000 LB Jack without welded on rectangular attachment end.		195.00
1 each - Brush Bar Outer Top Wind A Frame Adjustment 1000 LB Jack Left Side with straight attachment end		95.00
1 each - Brush Bar Outer Top Wind A Frame Adjustment 1000 LB Jack Right with 6 inch extension attachment end		155.00
1 each - Hydraulic Internal Cylinders custom manufactured 1.5"D , 68"L, 3/4" shaft & Pins, Replacements are higher cost then purchased with machine. Orders may take 4 to 6 weeks. Price at time of order was \$1450 in early 2021		195.00 ?????
1 each - Tension Bar Replacement System Patented Slider with Patent Pending Radius with hose clamp.		
1 each - Roller System Patented Pending Replacement Center Patented Slider Excludes Neoprene Roller Bearing (ENRB)		175.00
1 each - Roller System Patented Pending Replacement Center Patented Slider with Patent Pending Radius(ENRB).		155.00
1 each - Roller System Patented Pending Replacement Offset Outer Patented Slider (ENRB).		175.00
1 each - Roller System Patented Pending Replacement Offset Outer Patented Slider with Patent Pending Radius (ENRB).		165.00
1 each - Roller System Patented Pending Replacement Neoprene Roller Bearing.		185.00
1 each - Slider Radius Patented Pending to weld onto and upgrade existing Patented Tension or Roller System Sliders.		75.00
1 each - Red Painted D Handle Ring Pin.		60.00
1 each - PVC Tension Bar Replacement System 7.5 foot to 13 feet with internal female coupler ends and male threaded extensions to 18 feet and included 6 each hose clamps.		16.00 575.00
1 each - 2 inch Adapter Fitting for 2 inch pipe ends, Female Threaded or Male Threaded Fitting.		9.50
1 each - T - Handle Nut for Tension Bar and Roller System Sliders. Protects workers from injury and speeds adjustments.		325.00
1 each - Pin in Bucket Mount for Previous Machines with Tractor Mounts. 2 REQUIRED \$650 SET		225.00
1 each - Double C Bucket Mount Welded together to weld onto Previous Machines Tractor Mounts 2 REQUIRED \$450 SET
